

You can help circulate the RAD petitions to legalize drugs in Arizona.

Currently RAD is circulating two initiatives to legalize drugs and end the "War on Drugs" in Arizona.

If you think that the "War on Drugs" is destroying America and want to fight back and help relegalize marijuana or all drugs you can do your little part by circulating the RAD initiatives in Arizona.

RAD can't pay you to circulate the petitions, but for most of us the the idea of ending the "War on Drugs" which has turned America into the world's largest police state is enough pay.
